Technical data:	
Macronutrients	
EC FERTILIZER	
<ul style="list-style-type: none"> - % nitrogen (N) - % NH₄ nitrogen - % NO₃ nitrogen - % NH₂ nitrogen 	
- % phosphate (P ₂ O ₅) soluble in neutral ammonium citrate and water	- % phosphor (P), soluble in neutral ammonium citrate and water
- % P ₂ O ₅ water soluble	- % water soluble P
9,0 % potassium oxide (K ₂ O), water soluble	7,5 % potassium (K), water soluble
- % magnesium oxide (MgO)	- % magnesium (Mg)
- % water soluble MgO	- % water soluble Mg
- % sulfur (S)	- % sulfur trioxide (SO ₃)
- % water soluble sulfur (S)	- % water soluble SO ₃
Micronutrients	
<ul style="list-style-type: none"> - % boron (B) - % iron (Fe) 1,40 % zinc (Zn) 0,58 % copper (Cu) - % molybdenum (Mo) 4,10 % manganese (Mn) 	
low in chlorine	

Cu, Mn, Zn chelated by EDTA

Physical properties:	
Colour:	dark blue with a slight reddish tint
Bulk density (kg l):	1,310
pH (1:10 in water) =	6,8
Physical appearance:	clear solution

Dangerous good classification:	
Dangerous Good	not classified
<u>Hazardous material regulation</u>	
Signal word :	not classified
GHS symbols :	not classified
Hazard declaration :	not classified

Recommendation for application:
NutriSeed is a micronutrient mix (Cu, Mn, Zn) for seed treatment prior to sowing, completed by 9% K ₂ O.

For further information please check our internet site www.compo-expert.com or contact our local sales team.

Notice to buyer :

Careful tests have proven that the product is suitable for the recommended purposes when used in accordance with our instructions. However, since storage and use are beyond our control and we are unable to foresee all circumstances arising there from, we are only liable for a consistent quality of the product, but the risk of its storage and use is not borne by us.

Miscibility :

This product is miscible with virtually all the common plant protection agents; it is not miscible with strongly alkaline products or with mineral oils. A simple compatibility test with the intended mixing partners is recommended before practical use.

Storage :

This product can be stored in the unopened original container for several years. Opened containers should be used up or be resealed immediately. Any crystallization of the product that may occur during prolonged storage does not influence the chemical quality and solubility of the product.
